Autism and Neurodiversity Awareness Month

“It’s Not You, It’s the System: A Neurodivergent Take on Thriving at Work”

Speaker: Samantha Easter

Senior Strategic Communications Specialist & Neurodiversity Advocate

Join Samantha Easter for a candid conversation about what it’s really like to be neurodivergent in today’s workplaces. Diagnosed as an adult, she shares what it took to get there, how it shaped her career, and what teams can do to build environments where people don’t just survive, they thrive. With humor, lived experience, and a few spicy insights, Samantha invites us to rethink inclusion from the inside out.

If you have questions reach out to leahlobato@utah.gov
